

Quick Start Guide

What is Follow Through?

Follow Through is a free app created by Christ in Youth to help students take their next faithful step after deciding to pursue vocational ministry. **It turns spiritual momentum into tangible growth**, giving students a clear path forward through structured content, practical experience, and supportive relationships.

Why It Matters

Some students are called into vocational ministry but are never given tools to follow through on that calling, leaving them feeling stuck and unsure what to do next.

That's where Follow Through comes in. With the app, students will:

Learn more about
ministry as a calling
and career

Gain hands-on
experience through
action steps

Reflect and grow
with the support of
a mentor

Follow Through offers a simple, powerful way for your church to disciple called students and walk with them as they explore ministry in real life.

How it Works

Students take a series of steps as they pursue their calling. One step at a time, they grow in their understanding and experience of ministry as a career.

Each Step includes:

Resource

A short teaching
to help them learn
something new

Rep

A practical action
to put that learning
into practice

Relationship

A conversation
guide to reflect with
a mentor

It's simple, focused, and built to help students take real, meaningful next steps in their calling. As students fill their progress meter, they unlock new stages with more things to learn and experience.

What Church Leaders Can See

Church Admins can access the Online Church Dashboard to:

- See all students connected to your organization
- View their progress across steps
- Track which mentors are supporting your students
- Manage users
- View all steps available in the app
- Add and manage additional church admin accounts

This makes it easy to stay informed, offer support, and champion your students as they follow through.

How to Start Using Follow Through in Your Church

1

Invite Students to Get Started

Share Follow Through with students who've made a decision to pursue ministry and encourage them to sign up at followthrough.app/onboarding

Use the included promo resources to spread the word.

2

Encourage Mentorship

Students will invite a mentor when they start. Encourage trusted adults in your church to say "yes" when asked and to make a plan to follow up with them regularly.

3

Access the Church Dashboard

Create an account at followthrough.app to manage your organization and view student progress.
